

Yamaguchi University

Yamaguchi University is the third oldest national comprehensive university in Japan with over 200 years history. We are a large-scale comprehensive university which has bachelor's, master's, and doctoral degree programs under 9 faculties and 8 graduate schools : humanities, education, economics, science, medicine and health sciences, engineering, agriculture, veterinary medicine and global and science studies. There are over 10,000 students and 4,000 academic and administrative staff members in our campuses.

We are affiliated with approximately 170 universities and institutions around the world and promote international education and research exchange. At the same time, we offer secure and safe learning environment, being commitment to risk management such as introduction of Business Continuity Plan and medical assistance and support for all inbound/outbound students in multiple languages 24 hours, 365 days.

Collaborating with Russian university and institution, we have carried out the characteristic research in the field of .Time studies and Biotechnology.

Oka Masaaki, M.D., Ph.D.
President
