Celebrating 75 Years of Excellence: Congratulations to Niigata University

Dear Professor Ushiki Tatsuo, President of Niigata University,
Dear Faculty, Staff, Students, and Alumni of Niigata University,

On behalf of the Executive Board of the Technical University of Darmstadt, I extend our heartfelt congratulations to Niigata University on the conspicuous occasion of your 75th Jubilee.

This Jubilee gives testimony to many decades of dedication, innovation, and academic excellence. Since its establishment, Niigata University has been keen to fulfill its guiding principle of "Autonomy and Creativity", thus contributing significantly to the advancement of society.

Today, Niigata University stands as a symbol of academic integrity, fostering an environment where curiosity and creativity thrive, and discoveries unfold. Your commitment to excellence in education, research, and community engagement alike is truly outstanding.

As one of the partners of your esteemed institution, TU Darmstadt shares many values with Niigata University. We are proud to have been a partner in research and student exchange since 2013 and are looking forward to many more years of fruitful cooperation.

May this auspicious occasion of 75 years of scientific and societal excellence serve as legacy of your past achievements and a catalyst for even greater success in the future.

Kind regards,

Professor Dr. Thomas Walther
Vice President for Innovation and International Affairs
