

【Application Deadline Extended】

Niigata University ‘Swing-by’ Program for Fostering Young Faculty Members (Recruitment and Training Program for Young Faculty Members)

Call for Applications for Assistant Professors in Institute of Science and Technology, Niigata University

Niigata University is implementing the "Niigata University Young Faculty Swing-by Program," a program for the collective recruitment and training of young faculty members, targeting outstanding young researchers who are active in a variety of fields in Japan and overseas. This program is designed to foster researchers who are willing to conduct cross-disciplinary research at the university while deepening their research in their respective fields of specialization.

In the Young Faculty Swing-by Program, we will recruit young faculty members from across disciplines. Recruits will be selected through a first round of selection based on their expertise in their respective fields, followed by a second round of selection based on comprehensive perspectives by the executive officers. The selected faculty members will be affiliated with the academic departments, etc., according to their fields of expertise, and will concurrently serve in the Institute for Research Administration, which is in charge of promoting research at Niigata University, and will be engaged in activities to bring forth the seeds of new interdisciplinary research that can become the new flagship of Niigata University.

Research Field for Recruitment

Science communication, Medical-Criminal Law, Informational Sociology of Disaster, Food-Tech Science, Structure engineering and earthquake engineering-related (Applied mechanics, Computational mechanics), Inorganic chemistry, Nonsmooth Optimization, Life science (Department of Neurophysiology, Virology, Div of Eating Behavior–Health Interface, Tissue Regenerative Science, Clinical nursing science), Interdisciplinary Research on Brain Pathology

Number of Positions

Around 10 persons expected

As a part of this recruitment, we are recruiting faculty members in charge of the Food-Tech Science and related fields.

1. Job Type

Assistant Professor (Permanent Faculty Position)

2. Expected Date of Joining

April 1, 2027

3. Affiliation

Faculty of Agriculture, Institute of Science and Technology

Selected candidate is required to carry out teaching and research in the Faculty of Agriculture, Institute of Science and Technology, and, will be also appointed to work concurrently at the Institute for Research Administration. As a general rule, you will be working as a faculty member employed in the Swing-by Program concurrently with the Institute for Research Administration for three years from the time of hiring.

4. Job Description

[Affiliation] Faculty of Agriculture/Graduate School of Integrated Arts and Sciences/Graduate School of Science and Technology

[Job Description]

1. Research

Based on your expertise in Food-Tech Science and related fields, you will collaborate with food researchers from diverse areas within the university to conduct research on materials and processing processes for agricultural products, processed foods, and fermented foods, utilizing cutting-edge biotechnology, processing technologies, and AI.

2. Education

You will be responsible for the Department of Agriculture (Food Science Program) in the Faculty of Agriculture, the Program of Science and Technology (Life, Environment and Food Science Program) in the Graduate School of Integrated Arts and Sciences, and the Division of Life and Food Science (Applied Life and Food Science Course) in Graduate School of Science and Technology working in cooperation with other faculty members to provide education based on food science. You will be involved in training human resources who will support food science from a food-tech perspective.

*As a general rule, the candidate will participate in the 'Swing-by' Program as an adjunct faculty member of the Research Management Organization for three years.

[Research Field]

Food Science (Food-Tech Science, Food Materials Science, Food Processing Science, Applied Biochemistry and Bioprocess Engineering, etc.)

[Remarks Column for Assistant Professor]

The candidate will work as a member of the research group and may be asked to work as a PI at an early stage of the project.

5. Qualifications

(1) As a general rule, those who have obtained his/her PhD degree in his/her field of research within the past 10 years. (Including those who are expected to obtain his/her PhD degree by the date of appointment).

(2) Those who have a proven track record in the field of food science and a strong passion for education and research in that field.

- Those who are motivated to actively contribute to the advancement of food science by utilizing their expertise.

- Those who are able to conduct experiments and deliver lectures in their specialized field, such as in an omnibus format.

(3) Those who are willing to collaborate with researchers in diverse fields of food science and conduct interdisciplinary and integrated research.

(4) Those who understand the purpose of the Swing-by Program and are willing and able to work on it.

(5) Those who are able to live in Niigata City or its suburbs, and carry out his/her duty after being hired.

6. Terms of Employment

(1) Work Location: 8050 Ikarashi 2-no-cho, Nishi-ku, Niigata, Niigata, Japan

(2) Salary: Annual salary system based on “Regulations for New Annual Salary System for Faculties of Niigata University,” and other benefits as per the University rules and regulations

(3) Employment Type:

- Employment time : Basically, discretionary labor system for specialized work (deemed working hours: 7 hours and 45 minutes a day).

If the professional business-type recruiting labor system is not applied, a fixed working hour system will be applied, with a weekly working hours of 38 hours and 45 minutes and a daily working hours of 8:30 am to 5:15 pm (break time: 12:00 pm to 1:00 pm).

Whether a discretionary work system or a fixed working hour system is applied will be determined at the time of hiring.

- Holidays : Saturdays, Sundays, national holidays, holidays around the end of the year and the beginning of the year, etc.

(4) Health insurance: Provided by the Ministry of Education, Culture, Sports, Science and Technology Mutual Aid Association, Employment Insurance, Industrial Accident Compensation Insurance

(5) Working environment: Provision of own personal office and laboratory: Yes

7. Support for Nurturing Young Researchers

In order to take advantage of the Swing-by Program, which is a collective recruitment system that transcends fields, we ask that you concurrently serve at the Institute for Research Administration for the first three years after your appointment and engage in the following activities

- To proactively develop networks across departments and disciplines.
- To conduct interdisciplinary exchange activities utilizing the established network and disseminate the results widely inside and outside the university.

In order to realize the above, the following activities and others are included.

- Planning and management of employer synchronization meetings and interdisciplinary exchange meetings
- At least once a year, exchange of opinions with the president and board members
- Training on teaching methods at universities

In addition, the University has the following research support systems, which we expect you to make active use of.

- Niigata University equipment sharing system
- Support for obtaining external funds such as ‘Kakenhi’
- Regular interdisciplinary exchange meetings
- Allocation of start-up research funds from the Swing-by Program
- Other training for education and research activities

8. Application Documents

Online submission in JREC-IN Portal. If you have difficulty applying online, please send the following documents by mail.

In this call, researchmap will be used to check the list of achievements, acquisition of external funding, and major publications.

- (1) Curriculum Vitae (You must paste your photograph for personal identification).
In the "Awards and Penalties" section of your resume, please provide not only awards and criminal penalties, but also any past disciplinary actions taken against students due to sexual harassment or sexual violence, and if applicable, the specific reasons that led to such actions. If there is no column for "Awards and Disciplinary Punishments," please indicate in Remarks, etc. whether or not there were any awards or disciplinary punishments and the reasons for them.
In the unlikely event that there is any misrepresentation of your career history, your employment may be cancelled or you may be subject to disciplinary action.
- (2) Outline of your current and past research activities as well as your future aspirations for education and research if hired by Niigata University, each of which should be approximately 1,600 to 2,000 words.
- (3) Contact information including email address of two references, who can independently provide an opinion on your academic achievements, character and conduct.
- (4) A list of research achievements (Please list up your achievements by categories, such as peer-reviewed papers, international conference papers, books and other literary works, patents and academic awards. Please use A4 size for preparing the document).
- (5) Status of acquisition of external funding (Please indicate whether you are a principal researcher or a co-investigator).
- (6) Printouts or copies of up to three major research achievements
- (7) If you have teaching experience, please provide a list of courses you have taught (course name, educational institution name, and year taught), and the number of undergraduate and graduate students you have supervised (only if you were the one providing the actual instruction).

*You may be required to submit additional documents if necessary.

Please confirm that all the required documents are included in an envelope. Outside the envelop please specify clearly in red ink “Enclosed the application documents for ‘Swing-by’ Program for Food-Tech Science and related fields”, and send it to the address shown below by registered post or courier service (in a way which allows you to confirm that your application has been received by us).

*Application documents will not be returned, and handled with strict confidentiality. Your personal information obtained by Niigata University in the process of the recruitment will be properly handled based on “Act on the Protection of Personal Information”, and will not be used for any purpose other than the selection process.

9. Screening and Selection Schedule

- (1) Application Deadline: **5:00 pm, August, 31, 2026.** (Japan time)
- (2) First screening: **Early September, 2026** Screening of documents and Interview of shortlisted candidates (Onsite/online interview might be conducted).
- (3) Notification of the result of the first selection: Mid-September, 2026
- (4) Schedule for final screening: Scheduled from October to November 2026.
Interview by University President and board members (Online interview might be conducted).
- (5) Notification of the result:
Applicants will be notified of the result after the selection process is over.
